# NICHOLAS HÄMMERLE

WEB DEVELOPER

## ABOUT ME

As an passionate front-end and back-end developer, I am striving towards creating innovative and user-friendly digital products. I am highly enthusiastic about learning new technologies and constantly improving my skills. Through my experiences working with diverse teams and in various companies, I have developed strong collaborative skills and the ability to adapt quickly to new environments. I believe that these attributes make me an asset in any workplace, and I am committed to utilizing them to the fullest extent
